

Electronic Self-assessment and Care (eSAC) MyChart Questionnaire

Frequently Asked Questions

These are frequently asked questions and answers about the eSAC MyChart Questionnaire. If your questions are not answered on this handout, please reach out to your care team using the contact information on this handout.

Q: What is the eSAC MyChart Questionnaire?

A: The questionnaire is a series of questions to help report your symptoms and quality of life during your gynecological cancer journey. Based on how you respond to specific questions, you will receive important personalized education in MyChart on self-management.

Q: How do I access the questionnaire?

A: Your care team will send you the questionnaire 5 days before your appointment. It will be available in your MyChart account.

Q: Is it safe to use MyChart to complete the questionnaire?

A: Yes. MyChart is a UW Medicine-approved platform that meets patient privacy requirements.

Q: Why have I been chosen to complete the questionnaire?

A: Your care team has identified you as someone who may benefit from receiving personalized education on self-managing your cancer symptoms and quality of life.

Q: What are the benefits of completing the questionnaire?

A: Your care team will be prepared with customized care at your appointment. You will also be able to engage with your care team remotely with personalized education.

Q: What happens if I have a question about the education or questionnaire?

A: You should contact your care team normally, using MyChart or a phone call.

Questions?

Your questions are important. Call your clinic or healthcare provider if you have questions or concerns.
